Barriers to Progress

How Start Smart For Your Baby Solves for Barriers

EARLY IDENTIFICATION

Start Smart For Your Baby (SSFB) is a free, evidence-based, and research-backed program that helps parents identify and address their child's developmental delays. It provides a structured approach to early identification and intervention, ensuring that children receive the support they need to reach their full potential. The program is designed to be user-friendly and accessible, making it easy for parents to get started. It covers a wide range of developmental areas, including communication, social interaction, and motor skills. By identifying delays early, parents can take action sooner, which can significantly improve long-term outcomes for their children. The program is available in multiple languages and formats to ensure it is accessible to all families. It is a valuable resource for parents who want to ensure their child is on track for a bright future.

HEALTH EDUCATION

SSFB provides parents with essential information about child development and health. It educates parents on the importance of regular check-ups and early intervention services. The program also offers guidance on how to create a supportive environment for their child's growth. Parents learn about the signs and symptoms of developmental delays and how to seek help when needed. The program emphasizes the importance of a healthy lifestyle, including proper nutrition and physical activity, for both parents and children. It also provides information on available community resources and support groups. By educating parents, SSFB empowers them to take an active role in their child's development and health. The program is a comprehensive resource that addresses the needs of parents and children alike, ensuring that every child has the best possible start in life.

For more information, visit www.startsmartforbaby.org. Call 1-844-372-2062 or contact your local health department. The program is available in Spanish, Vietnamese, and Chinese. It is a free, evidence-based program that can help your child reach their full potential. Don't wait to get started. Contact us today to learn more about how Start Smart For Your Baby can help your child thrive.
